Garthenor Organic Pure Wool

HAND KNITTED GARMENTS

PRICE LIST

JANUARY 2010

We do not hold many stock items. Most garments are hand knitted to *your* requirements from our wool, which is why we must request 50% deposit with order.

Our aim is to deliver within 30 days but at peak periods this may have to be extended. We will acknowledge your order and give you the expected delivery date. The balance including P&P where applicable is payable before despatch.

If you need any garment for a *specific* date please give us as much notice as possible and we will endeavour to meet your requirements.

Please refer to the size / age chart or contact us for any further information regarding special measurements or larger sizes. We will knit to the measurements you give us.

In addition to our standard range we can usually knit any design of your choice from our organic yarn including copying your favourite jumper. Please refer to our yarn samples.

Because every garment is hand knitted, the different prices reflect the quantity of wool and the length of time needed to complete each order.
